#### Terms and Conditions for Documentary Verification & Certification of Conformity

##### 1. Scope of Service

The Service provided by ECAE consists of a professional review of technical documentation provided by the Applicant (the "Client") and visual inspection. This review is conducted to assess the apparent compliance of the subject goods with specified standards:

- The Client acknowledges that this service does not include sampling, testing or supervision of loading/discharge.
- The Certificate of Conformity (CoC) is issued solely on the basis of the documents, test reports, and declarations submitted by the Client.

##### 2. Obligations of the Applicant

The Applicant warrants and represents that:

- **Authenticity:** All documents provided (test reports, certificates, invoices) are genuine, valid, and represent the actual goods being shipped.
- **Completeness:** No material information that could affect the conformity assessment has been withheld.
- **Consistency:** The goods shipped are identical in specification, quality, and origin to those described in the provided documentation.

##### 3. Validity and Revocation

- **Single Use:** Unless otherwise stated, the CoC is valid only for the specific consignment identified by the invoice numbers.
- **Right to Revoke:** ECAE reserves the right to withdraw or cancel the CoC if it is discovered that the supporting documentation was fraudulent, altered, or if the goods are found to be non-compliant upon arrival at the market.

##### 4. Confidentiality and Intellectual Property
